

#2

GULF COUNTY RESTORE ACT PROJECT PRE-PROPOSAL FORM

Project Name: Public Works Fueling System and Courthouse Complex Fuel Tank

Submitting Entity: Gulf County Public Works

Please select one or more eligible activity that the project is classified under:

☒ **X Restoration and protection of the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the Gulf Coast region.**

☒ **X Mitigation of damage to fish, wildlife and natural resources.**

☐ **Implementation of a federally approved marine, coastal or comprehensive conservation management plan, including fisheries monitoring.**

☐ **Workforce development and job creation.**

☐ **Improvements to or on State parks located in coastal areas affected by the Deepwater Horizon oil spill.**

☒ **X Infrastructure projects benefitting the economy or ecological resources, including port infrastructure.**

☐ **Coastal flood protection and related infrastructure.**

☐ **Planning assistance.**

☐ **Promotion of tourism and seafood in the Gulf Coast region.**

I. Please provide an executive summary of the project. Describe/quantify the economic (jobs, infrastructure, tourism, etc.) and environmental benefits (habitat, quality, knowledge, long-term sustainability, etc.).

This money provides for two 10,000 gallon tanks double walled steel tanks for Public Works. Also a 3000 gallon double walled steel tank for the courthouse emergency generator. Having the ability to store more fuel will provide a needed safety net during natural disasters, and the ability to purchase fuel in larger quantities will help decrease costs.

Double walled steel tanks have leak detector systems installed. This system provides greater security against leaks and is much safer than the dyke system in use now.

II. Please provide a cost summary/budget. Detail any matching/cooperative funds available for use, and any cooperative support from governmental or other agencies.

A 10,000 gallon fueling system with 2 double walled steel tanks, pumps and software is \$130,000. A 3,000 gallon double walled steel fuel tank for the courthouse complex generator, \$11,000. Concrete pads, built by Gulf County Public Works, overhead

weather protection, and explosion proof piping for power is \$31,000. Total Cost \$172,000.

- III. Please provide a timeline for project completion. Explain the technical and environmental feasibility (including any permitting considerations) of the project.

4-5 months from inception.

- IV. Please provide the qualifications of the Submitting Entity, the financial feasibility/sustainability and the economic feasibility and sustainability of the project (probability of success, etc.).

Gulf County Public Works provides essential maintenance and repair of county owned infrastructure.

Buying in volume increases savings of taxpayer dollars.

Probability of success, 100%.

- V. Please provide the anticipated results of the project, and whether it is included in a City of Port St. Joe, City of Wewahitchka or Gulf County Comprehensive and Mitigation Plan?

An operational and cost effective fueling system for Gulf County, and backup fuel system for the courthouse complex. This is not included in the Gulf County Comprehensive and Mitigation Plan.

**PUBLIC RECORDS POLICY AND PUBLIC ACCESS ACKNOWLEDGMENT FOR
GULF COUNTY RESTORE ACT APPLICANTS**

I, Joe Danford the undersigned authority and/or representative of the entity GCBCCC / Public Works and or the individual who has submitted the Gulf County RESTORE Act Proposal/Pre-Proposal titled Fueling System & Tank hereby acknowledge, consent and accept the following representations that coincide with my/our submission for consideration, evaluation and possible recommendation and approval by the Gulf County Board of County Commissioners for funding from the RESTORE Act distribution that strictly complies with the guidelines and regulations set forth under the Restoration and Ecosystems Sustainability, Tourist Opportunities and Revived Economies of the Gulf Coast States Act of 2012:

1. I/We am the authorized representative of the application/pre-proposal referenced above.
2. I/We have thoroughly reviewed and familiarized myself and/or my entity on which I have submitted the application/pre-proposal on behalf of with the entirety of the Gulf County Public Records policy.
3. I/We have thoroughly reviewed and familiarized myself and/or my entity on which I have submitted the application/pre-proposal on behalf of with the entirety of the Florida Statute Chapter 119 which controls and permits public access to information.
4. I/We hereby acknowledge, consent and agree to the controlling policies and statutes above as well as the free and open exchange of any and all submissions provided hereunder this application/pre-proposal and all information exchanged hereafter including but not limited to further amendments to these proposals as well as surveys, studies, research, data production, books, drawings, property records, work papers, county owner lists, files, forms, reports, accounts, documents, manuals, handbooks, instructions, printouts relating in any manner for the production of the application. In addition, all papers, notes, data, reference material, documentation, programs, printouts, and all other media and forms of expression that in any way include, incorporate or reflect any confidential information of what ultimately shall become the Gulf County plans for use and application of the RESTORE Act funding.
5. I/We acknowledge, agree and fully consent to cooperate with the appointed Gulf County RESTORE ACT committee, county officials and staff as a continuing obligation and condition of final review for this RESTORE Act application/pre-proposal.
6. I/We have submitted this acknowledgment to Gulf County RESTORE Act Committee and the Gulf County Board of County Commissioners for the purpose and intent of receiving an evaluation, review and possible recommendations for anticipated funding from the Restoration and Ecosystems Sustainability, Tourist Opportunities and Revived Economies of the Gulf Coast States Act of 2012.
